## WHAT IS PAFA?

Founded in 1996, the Parents and Friends Association (PAFA) is a volunteer organization made up of parents, friends of SCIS and interested community members. PAFA works for the betterment of the school by coordinating parent involvement with the school; working with the school administration to plan and implement a variety of events that support teaching and learning and celebrate the diversity and unique culture of our school; and communicating ideas between SCIS, parents, the school administration and Board of Directors.
