Featuring the International Baccalaureate curriculum that was specifically designed for international students.

**21st Century Learning**
Each lesson includes skill-building opportunities for critical thinking, collaboration, communication, character, and cross-cultural competency.

**Embrace the Renaissance Ideal**
Being fluent across many disciplines from academics to athletics to art is the norm, not the exception.

**Healthy Emotional Environment**
Our administration has purposefully crafted a supportive culture that celebrates uniqueness and encourages cooperation.

**Inspire**
Our English teachers are writers. Our Dance teachers are dancers. And all our teachers are living their dream: teaching internationally and changing the lives of others.

**How we do it?**

**Teachers**
We only recruit the best. Our teachers have a reputation for being leaders in their field. They represent 13 nationalities, with 72% having Masters degrees and an average of 10.25 years teaching experience.

**Students**
Students learn the art of self-advocacy: how to navigate the real world. They know how to engage with adults, be responsible for their own learning, and promote themselves positively.

**Curriculum**
SCIS is the only IB Continuum World School in Pudong. We offer the Primary Years Programme (PYP), Middle Years Programme (MYP) and Diploma Programme (DP). (www.ibo.org)

**Administrators**
Administrators have a relationship with every student. They keep the identity, mission, outcomes, and vision alive at every opportunity. Schedule a tour to meet with one for an hour.

**We have a fantastic organization that is a model for life. SCIS models how our society should work, with everyone working together to achieve a common goal.**

**The Result: Amazing kids. That’s SCIS.**
